LAWYERS' HALL-(JAPAN) TRAPEZOID ROLLER BLINDS

Monthly, introducing our projects around the world. For this month, we will like to introduce a lawyer hall project we participated last year.

The place is in Mie Prefecture which is close to our headquarters. You can see our roller blinds matching the triangle and trapezoid shape of the window openings. Pulled by the wire, the roller blinds can also come from bottom to top.

Thank you for reading.
