HEAT CONTROL AT YOUR WILL

DRIVERS' LICENSE CENTER (JAPAN)-SILVER SCREEN

Monthly, introducing our projects around the world. For this month, we will like to introduce "Drivers' license center" in Mie Prefecture.

Special fiber glass reflects the sunlight by 77%. 40 panels are used to cover the whole window settled simply with eyelets(right photo). Largest panel being a W2075×H2560 trapezoid shape to match the openings.

Thank you for reading.
